HYDRAULIC ENGINEERING

Volk P. P., Rokochynskyi A. M.	The Influence Drainage Systems on the Formation of the Drained Land Productivity . 3
Gopchak I. V., Yatsyk A. V., Basiuk T. O.	Methodology of Water Management and Ecological Zoning of Small River Basins 14
Tokar L. O., Tokar O. I., Vodko V. R.	Norms of Reliability of the Work of Hydromellorative Systems in Projecting 23
Bilokon S. O., Koptiuk R. M., Rychko D. M., Rokochynskyi A. M.	Estimation of Irrigation Efficiency by Sprinkling With the Use of the Vibration Filter-Settling Tank for Purification of Irrigation Water 31
Kirianov V. M.	Application of Mathematical Methods and Models of Optimal Management for Water Management in Irrigation Amelioration on the Basis of Hydroinformatics 40
Pinchuk O. L., Romaniuk I. V., Gerasimov Ie. G.	Computer Modeling of Temperature Distribution in the Soil And Surface Air Layer With a Surface Heating By a Wide Shell-Sleeve 56
Tokar L. O., Tokar O. I., Potashnyk S. I., Yasinska L. R.	Probabilistic Estimation of Throughput Capacities of Channels in the From of Trapeze 65
Hapich H. V.	Analysis of the Causes of Hydrodynamic Accident on the Soil Dams of the Cascade of Artificial Reservoirs 73

Trofymchuk O. M., Yakovliev Ye. O., Anpilova Ye. S.	Spatial Modeling in Gis for Assessment of Hydroecological Changes on the River Basins in Zones of Influence of Mining Areas	83
---	--	----

WATER SUPPLY AND WASTEWATER DISPOSAL

Stalinska I. V.	Providing Environmental Safety Disinfection of Drinking Water by Chlorination (For Example Kharkov)	92
-----------------	---	----

OCCUPATIONAL HEALTH AND ENVIRONMENTAL SECURITY

Danova K. V., Khvorost M. V., Malysheva V. V.	Development of an Algorithm for Assessing Risk at the Workplace of an Employee With Disability	107
Hlyva V. A., Nikolaiev K. D., Khalmuradov B. D., Herashchenko L. V.	Study of Aerionion Regime of Educational Premises and Determination of the Ways of Its Normalization	115
Romaniv A. S., Paraniak N. M., Datsko O. S., Vytrykush N. M.	Perspectives and Problems of Safety Disciplines Teaching in Higher Education	124
Radionov M. O., Bryn L. V.	Improvement of Oversight Activities in the Field of Labor Protection in Food Industry Enterprises	133
Kukhniuk O. M.	Analysis of Changes in Vortex Airflow Pressure in the Conditions of the Planned Experiment	150

CONSTRUCTION AND ARCHITECTURE

Bychkovska L. S., Khoronzhevskaya Yu. O.	Problems of Forming Children's Playing Environment in Urban Building	159
---	---	-----

Haponova L. V., Hrebinchuk S. S., Koreniev R. V.	To Determination of Characteristics of Rigidity of Folded Connection of Special Type Metal Shells 169
Trach R. V.	Application of Optimization Methods for Solving Project Management Tasks 178

COMPUTER SCIENCE, COMPUTER ENGINEERING AND AUTOMATION

Fylypchuk L. V.	Modelling Object of Regulation Under Treatment of Waste Water From Six Valency Chromium 189
Krulikovskyi B. B., Shportko O. V., Chepeleva M. E.	Development Support of Intelligent Infor- mation System for Promotional Receiving Recovery Records for Colleges of the Uni- versity 200
Zubyk L. V.	Modelling of Management By Complex Information Systems in Real Time 211

PHYSICS AND CHEMISTRY

Haievskyi V. R., Kochmarskyi V. Z., Haievska S. H., Kocherhina O. D., Soliak L. V.	Determination of Dispersive Composition of Water Solutions on the Basis of Turbidimetric-Sedimentation Measurements 218
Lebed O. O., Myslinchuk V. O., Kocherhina O. D.	Determination of the Index of the Potential of the Soil Radon as a Reference of Ecologi- cal Radon Safety 226

MATERIALS SCIENCE

Bahrii M. M., Tykhenko O. M., Levchenko L. O., Columbet V. P., Rieznyk D. V.	Development and Investigation of Properties of Textile Material for Protection From the Influence of Electromagnetic Fields 237
--	---

Pokhylchuk I. O., Tymeichuk O. Y., Sasiuk Z. K.	Comparison of Analytical and Graphical Methods of the Implementation of the Method of Kinematic Diagrams 245
---	--

Nikolaichuk V. V., Tymeichuk O. Y.	Substantiation of Basis Parameters of the Details New Structure of Connection of Changing Hardness 253
---------------------------------------	--

ENGINEERING SCIENCE

Nesterenko V. P.	Enhancing Energy Efficiency of Machine Hy- draulics 263
------------------	--
