ARCHITECTURE, CONSTRUCTION

Haran A., Sokol A.	Innovations of Modern Architecture in Balance with Nature	3
Kreich M.	Influence of the Thickness of the Protective Layer on the Adhesion Stress of Reinforcement with High-strength Concrete	7
Lozytska A.	Investigation of Concrete Strength Using Schmidt Sclerometer	10
Lustiuk M.	Architectural Principles of Formation of Public Spaces in the Context of Creation of United Territorial Communities on the Example of the Village of Shubkiv, Rivne Region	14
Mitin V.	Modern Technologies of Design and Construction: General Design	18
Oliferuk S.	Some Interpretation of the Equations of the Method of Initial Parameters to Determine the Deformation of Beams of Variable Stiffness	21
Tarasiuk D.	Analysis of the First Full-scale Studies of Self-healing Bioconcrete	25

WATER BIORESOURCES

Matviychuk I.	Current State of Fisheries in Ukraine	28
Symonchuk K.	Implementation of the HACCP System at Fishery Enterprises	31

SECTORAL MECHANICAL ENGINEERING

Vashai P.	Factors of Self-excitation of Self-oscillations of Intrachamber Loading of a Drum Mill	34
Novak Y.	Types of World Transport Systems	38

GEODESY AND LAND MANAGEMENT

Sheremet N.	Comparison of Object Areas in Coordinate Systems SK-63 and USK-2000	41
--------------------	---------------------------------------------------------------------	----

EXTRACTION OF MINERALS

Kotsiuk M.	Research of the Process of Storage and Processing of Technogenic Placers of Phosphogypsum	46
-------------------	-------------------------------------------------------------------------------------------	----

HUMANITIES

Haran A., Sokol A.	Impact of Professional Activity on the Inner World of Human	49
Lomova A.	Psychological Features of Adolescent Socialization in the Information Society	53
Melnychuk O.	Structural and Functional Analysis of Nonverbal Samiotic Systems	57
Stukalo O.	Extension of the Concept of «Verification» with Methodological Analysis of Empirical Positions and Critic of Individual Mathematical Dogmas	61

Shevchuk O.	Impressionism as a Phenomenon of Art: Cultural and Psychological Aspect	64
ECOLOGY, PLANT GROWING		
Levchuk M.	Innovative Technologies for Harvesting Fruit Crops in Intensive Gardening	67
Petruk A.	Plant Biodiversity in Manevychi Settlement of Volyn Region	71
Yakhniuk A.	Modern Approaches to the Assessment of Anthropogenic Impacts on Surface Waters	75
ECONOMICS, MANAGEMENT		
Boiko D.	Features of Development of Processes of Virtualization of the World Financial Market	79
Malyshevska A.	Impact of Transnational Corporations on Host and Home Countries	83
Parkhomchuk V.	Current Trends in the Charity Development	87
Semeshchuk Y.	Current Issues of Remuneration in Budgetary Institutions	91
COMPUTER-INTEGRATED TECHNOLOGIES		
Huda V.	Computer Simulation of Heat Exchange Processes with the Use of Developed Surfaces by the tridiagonal matrix algorithm	94
Danchenkov V.	Algorithm and Program for Implementing 3D Games with Actions for a Certain Time	97
Kagramanyan K.	Use of Google Forms to Control the Knowledge Level of Higher Education Applicants in Distance Learning Conditions	101
SCIENCE OF LAW		
Bahatko A.	Concept of «Communication» and its Importance in the Activities of a Private Detective	104
