HYDRAULIC ENGINEERING

Panasenko A. V., Sunichuk S. V.	Passing Normative Security Floods Through Dniester Hydrogen Unit on the Ba- sis of Inflow Forecasts	3
Yatsiuk M. V., Sydorenko O. O., Tsvietova O. V., Nechai O. M., Turaieva O. V.	Transformation of Reclaimed Agricultural Landscapes Under the Influence of an In- creasing Anthropogenic Load in the Con- text of Global Climate Change	11
Khlapuk M. M., Bezusiak O. V., Volk L. R., Zhang Zelu	Theoretical Research of Friction Factor in Hydraulically Smooth Pipes	23
Gerasimov I. G., Rokochynskyi A. M., Koptiuk R. M., Prykhodko N. V., Volk P. P., Frolenkova N. A.	Improving the Energy Efficiency of the Closed Irrigation Network and The Overall Efficiency of the Irrigation System Based on the Resource-Saving Complex	37
Vecher V. V., Shynkaruk L. A., Tokar L. O.	Results of Laboratory Researches of Frontal Two-Story Water Intake	52
Plytus R. M., Hariian O. V., Khlapuk M. M., Shuminskyi V. D.	Use of Geosynthetic and Local Materials to Scour Protection	63

ENGINEERING SCIENCE

Strilets O. R., Stepaniuk A. A.,	Application of Three-Dimensional Modeling to Optimize the Sizes of the Rotary Stopper
-------------------------------------	--

Malashchenko O. V.	in the Form of a Closed-Loop Hydraulic System	81
--------------------	---	----

ARCHITECTURE

Pushkarenko O. O.	Conceptual Classification of Preschool Educational Establishments in Ukraine Today	81
Mahey A. S.	Architecture of the Bakhmetiev-Protasov Neo-Gothic Palace in the Village Tymanivka, Vinnitsa Region	99

MATERIALS SCIENCE

Shalai S. V., Safonov H. I., Dobrovolskyi V. V.	Comparative Analysis of Different Technologies of Drilling Pile Devices	110
---	---	-----

APPLIED MATHEMATICS, COMPUTER SCIENCE AND COMPUTER ENGINEERING

Petryk M. R., Mykhalyk D. M., Hoianiuk I. V.	High-Performance Methods of Identification of Kinetic Parameter for Monodiffusion Adsorption Mass Transfer ...	119
Bachyshyna L. D., Khariv N. O., Ossas M. O.	NoSQL Strategy Application to Design Information System of the Enterprise Human Resources Department	134
Yaroshchak S. V., Smaida Mahmoud	Generating Realistic Medical Images Using DCGAN for Enhancing Covid-19 Classification	146
Turbal Yu. V., Kinda V. V.	Analysis of the Exponential Smoothing Models and Pyramidal Data Extrapolation Method for Short-Line Forecasting	165

WATER SUPPLY AND WASTEWATER DISPOSAL

Haievskyi V. R.,	Influence of Deviations in the Operation of	
Kochmarskyi V. Z.,	Circulating Cooling Systems of TPP On the	
Fylypchuk V. L.	Amount of Dioxide and Oxide Carbon	
	Emissions	172
