

Content

WATER SUPPLY AND WASTEWATER DISPOSAL

Hrishchenko M. A., Kalinichenko O. V., Kalinichenko V. O., Malanchuk Z. R.	Investigation of the Stress-Strain State of a Massif in the Transition From the Technologies of Expanding the Clear Space to the Technologies With the Block	3
Kovbyk K. M., Kalinichenko V. O., Kucheruk M. O.	Determination of the Character of Deformations and Resistance on Sections of Saturated With Water Loose Ores By Water Jets Destruction	11
Riasnyi V. M., Yevstratenko I. A., Yevstratenko L. I., Chukhariev S. M., Zaiets V. V.	From Theoretical Calculations to Introducing Effective and Reliable Means of Ventilation and Normalising Working Conditions During Mining Operations	20

CONSTRUCTION AND CIVIL ENGINEERING

Azizov T. N., Kochkarov D. V.	Calculation of Reinforced Concrete Statically Indeterminate Systems Taking Into Account Formation of Cracks	39
Kahanov V. O.	Trends in the Process of Implementation of Modern Technologies of Vibratory Pressing of Ultra-Hard and Hard Concrete Mixtures In the Industrial Production of Ukraine	49
Supruniuk V. V., Fursovyh M. O., Ziatiuk Y. Y., Bezniuk L. I.	Choice of Rational Structure of Rigel of Overground Pedestrian Crossing	59

HYDROTECHNICAL CONSTRUCTION, WATER ENGINEERING AND WATER TECHNOLOGIES

Kozishkurt S. M., Turcheniuk V. O., Gopchak I. V.	Water and War: Danger Today and Tomorrow	71
Demianiuk A. V., Stefanyshyn D. V.	Some Challenges In the Interpretation of the Data of Instrumented Monitoring of the Dam Condition Obtained With Automated Monitor- ing Systems	80
Lukianchuk O. P., Rokochynskiy A. M.	Improvement of Technologies and Technical Means of Deep Loosening of Drained Mineral Soils Based on System Methodology	92
Romaniuk I. V., Pinchuk O. L., Gerasimov Ie. G., Samoliuk A. R., Leskova N. I.	Analysis of the State of Water Management Systems and Hydro-Engineering Facilities According To the Data of Certification and In- ventory In the Service Area of the Northern Interdistrict Water Resources Department	110

ARCHITECTURE

Rychkov P. A., Potapchuk I. V.	Specifics of the Natural Landscape Using in the Urban Planning of Ukraine in 1940s– 1950s	122
-----------------------------------	---	-----

URBAN CONSTRUCTION AND MANAGEMENT

Osetrin M. M., Tarasiuk V. P.	Practical Training for Transport Planning Specialists	132
Osetrin M., M., Bespalov D. O.	Use of the National Transport Model of Ukraine for Prioritization of Recovery of De- stroyed Or Damaged Transport Infrastruc- ture	138

Tkachuk O. A., Lipianin V. A., Shevchuk O. V., Yaruta Ya. V.	Optimization of Hydraulic Calculations of Urban Water Supply Pipelines 149
Petrunia O. M., Tryhub R. M.	Foreign Experience in the Organization of Engineering and Planning Solutions for Pedestrian Space on the Street Network of the City 164
Pilipaka L. M., Derkach V. I.	Eco-Oriented Reconstruction of Residential Areas Along the Main Street 173
Gomon P. S.	Determination of Deflations of Wooden Bending Elements Taking Into Account the Nonlinearity of Wood Deformation 182
Chovniuk Y. V., Ivanov Ye. O., Cherednichenko P. P., Kravchuk V. T., Ostapushchenko O. P., Kravchenko I. M.	Numerical-Analytical Approach in the Analysis of the Thermal Stress-Strain State in Load-Lifting Cranes Metal Structures Under Concentrated Heating 192
Homon S. S., Gomon S. S.	Experimental and Theoretical Studies of Critical Deformations Glued Wood 210

APPLIED MATHEMATICS, COMPUTER SCIENCE AND COMPUTER ENGINEERING

Klymiuk Yu. Ye., Bomba A. Ya.	Computer Prediction of the Technological Modes of the Rapid Cone-Shaped Adsorption Filters With Automated Heat Removal From the Compartment Surfaces 219
----------------------------------	--

Pinchuk O. L., Gerasimov Ie. G., Kunyt'skyi S. O., Safonyk A. P., Ivanchuk N. V., Shatnyi S. V.	Computer Program for Calculation of Pressure Losses in Block-Section of Hydrotechnical Systems of Surface Heating Soil 243
Turbal Yu. V., Babych S. V.	Software for Calendar Planning Tasks Based on Configuration Approaches 258
Kinda V. V., Turbal Yu. V.	Application of Fuzzy Logic For Short-Term Time Series 268
Safonyk A. P., Prysiazhniuk O. V., Ilkiv I. V.	Modeling of the Wastewater Treatment Pro- cess Taking Into Account Temperature Change 275

ENGINEERING SCIENCE

Khitrov I. O., Kononohov Yu. A.	Technological Process, Tools and Equipment for Restoration of Car Body Details 288
Serilko L. S., Sasiuk Z. K., Serilko D. L., Chasov D. P.	Development of the Design and Simulation of the Work of a Performance Inertial Conveyor 297
Davydenko N. V.	Construction of the Classifier of Objects Ac- cording to the Form of Their Image With the Use of Gmdh Neural Networks 310
Davydenko N. V.	Uml Profile of Information Technology For Constructing a Model of the Classifier of Ob- jects Based on the Geometric Shape of Their Image With the Use of Gmdh Neural Net- works 320
