

Content

Analysis of supervisory activities of labor protection in Ukraine for 2006-2014 years.....3 <i>Turovska G. I., Evtushyk Y. O.</i>	3
Formation plans water use by evaluation terms moisture algorithm pattern recognition.....9 <i>Tkachuk A.V., Tkachuk T.I.</i>	9
Technological reliability elements drip irrigation systems.....13 <i>Meddour A. S., Tokar O. I., Tokar L. O.</i>	13
The analysis of new standart requirements for calculation of the design heat load of heating systems in buildings.....17 <i>Procenko S.B., Novytska O.S.</i>	17
Ways of optimization of industrial water.....25 <i>Volkova L. A., Litvinenko L. L.</i>	25
Special features of ventilation, air conditioning and heating systems in water treatment plant buildings.....34 <i>Chaban I.V., Kizeev M.D.</i>	34
Contact problem for endless plates with curvilinear holes and hard disk.....41 <i>Babich S.M.</i>	41
Definition of basic parameters pressure stabilizer.....47 <i>Gerasimov G.G., Herasimov Y. H., Ivanov S. Y.</i>	47
Transboarding ichthyoeological safe teritorry «Verkhni Dnipro» - problems of formation, organization, tasks.....53 <i>Hryb Y. V., Sondak V. V., Volkoschovets O. V., Voityshyna D. Y.</i>	53
Optimized calculation of the drainage pipe and slope when designing drainage systems.....62 <i>Tokar L.O.</i>	62
Reconstruction of the Kosiv reservoir overflow tower culvert near Kashperivka village of the Tetievsky district, Kyiv region.....68 <i>Dombrowskyi Y.I., Shuminskyi V.D., Shydlovska O.V., Danyluk O.M.</i>	68
Piezometric pressure in the sharp-crested weir nappe investigation.....74 <i>Hlapuk M.M., Bezusyak O.V., Kornichuk V.I.</i>	74
Experience and prospects of using storage pools with small capacities for the implementation of irrigation on the territory of Transcarpathian region.....82 <i>Kiryanov V.M., Kerechan D.M.</i>	82
The lower bief scouring problem for hydrocomplexes on the non-rock foundation.....88 <i>Bisovetskyi Y.A., Shchodro O.E., Nicolaychuk O.M.</i>	88
The basis of local bottom deformations problem solving.....97 <i>Shchodro O.E.</i>	97
Information-analytical system of passport data monitoring.....105 <i>Tymbaliuk V.I., Turbal Y.V., Turbal M.Y.</i>	105

Research closing time shutter hydro-float level controller with long hydraulic connection.....	111
<i>Nikolaichuk O.M., Shynkaruk L.A., Orlov I.Y.</i>	
Influence of intensity of drainage on the productivity of agricultural lands.....	118
<i>Sapsay G.I., Badynskyi L.O., Lisovets O.V.</i>	
Recovery method extra-large gaps in hydrological time series.....	125
<i>Petrovych V.V, Artemenko V.A.</i>	
Optimizing the size of protection zones rivers Ukrainian Polissya.....	130
<i>Kosyak D.S., Kholodenko V.S.</i>	
Organization of water bodies protection zones outside settlements.....	137
<i>Bukhalska T. V., Nakonechna Z. V.</i>	
Free software at training of engineering personnels.....	145
<i>Strebizh T.V.</i>	
Mathematical modeling of the soil consolidation by the nonlinear compression relations.....	150
<i>Martyniuk P. M., Stepanchenko O. M., Boboshko V. M.</i>	
Estimation influence of the land-reclamation pressure on small rivers pools of Ukrainian Polesye.....	156
<i>Korbutyak M.V., Hopchak I.V., Basyuk T.O.</i>	
Improvement of water control for automated irrigation and drainage systems.....	162
<i>Matus S.K., Rokochynskyi A.M.</i>	
Design of concrete elements rectangular section at oblique bending on the basis of the method the design resistance concrete.....	171
<i>Kochkarov D.V., Babych V.I.</i>	
Assessment of Georgia hydropower potential.....	176
<i>Trapaidze V., Dvalashvili G.</i>	
Influence of fertigation on the yield of corn.....	180
<i>Onopriienko D.M.</i>	
Israel wastewater use.....	185
<i>Kahnich P.F, Buchynska L.V.</i>	
Generatrix of discretely presented rotation surface approximate definition.....	189
<i>Litnitskyi S.I.</i>	
Determination of river flow peculiarities of formation and their impact on drained catchment area.....	194
<i>Bondar A.Y.</i>	
Technology of construction of the complex of anti-erosion hydraulic engineering constructions.....	198
<i>Kukovskyi A.G., Kizima V.P.</i>	
Department of water-economic complexes building and exploitation: history, problems and perspectives.....	205
<i>Kirianov V.M., Biletskyi A.A., Klimov S.V., Pinchuk O.L.</i>	
Algorithms development of most suitable uniform approximation of functions by elements of unisolvent family.....	212
<i>Ivashchuk Y. G.</i>	

Comparative analysis of different methods ground geodetic measurements.....	217
<i>Kotova A.O, Bialyk I.M.</i>	
Use of wireless information technologies in geodesy devices.....	222
<i>Kunytyski M.O., Bialyk I.M., Kundrat A.M.</i>	
Determination of optimal parametres of soil structures under conditions of changed level of water in the basin.....	226
<i>Kuzlo M.T.</i>	
Generalization and application of resurches of water factors damage of Ukrainian rivers done by hydrotechnical construction department NUWM.....	230
<i>Khlapuk M.M., Shchodro O.E., Shynkaruk L.A., Bezusiak O.V., Yasinska L.R.</i>	
Istotne procesy zagrażające bezpieczeństwu zbiorników wodnych.....	236
<i>Zdzisław Jan Malecki</i>	
Drainage on rice systems and complex assessment of its effectiveness.....	248
<i>Mendus P.I., Mendus S.P., Turcheniuk V.O., Filipchuk B.A., Rokochynskiy A.M.</i>	
Flow capacity of physical model of cylindrical sewer drop manhole with curved inlet.....	252
<i>Zhuk V.M., Zavoiko B.V., Popadiuk I.U., Matlai I.I., Pyts K.M.</i>	
Structuring informatics problems monitoring oil deposits and protection of Carpathians water resources...258	
<i>Nykolaichuk Y.M. Krulikovskiy B.B., Vozna N.Y., Protsiuk G.Y.</i>	
Improving the organizational management mechanism of water management and reclamation complex on the basis of the existing legislative and regulatory framework.....	265
<i>Granovskyi D.L.</i>	
Estimating hydraulic parameters for water balance modeling of waste containment facilities final cover system.....	270
<i>Gromachenko S.Y.</i>	
Research of accuracy raster transformation in program transform.....	275
<i>Yanchuk O. E., Shulhan R. B., Dets T. I., Holishovets O. E.</i>	
Substantiation of crop capacity on drained lands in water management and reclamation projects.....	281
<i>Rokochynskiy A.M., Shalai S.V.</i>	
Drainage-modular systems with vertical filters of hydraulic bound drains.....	287
<i>Tkachuk M.M., Kirisha R.A., Datsyshyna I.B.</i>	
Integrated land consolidation plans for improving irrigation management and restoration.....	293
<i>Zhovtonog O.I., Polishchuk V.V., Chorna K.I., Demenkova T.F., Salyuk A.F.</i>	
Preliminary evaluation of pyrophyllite raw material grades of Kuruanovsky deposit.....	301
<i>Tolkach O.M.</i>	
To estimation of efficiency of functioning of Pridunayskikh rice irrigatory systems.....	306
<i>Turcheniuk V.O., Rokochynskiy A.M., Mendus P.I., Mendus S.P.</i>	
The possibility of rice growing without a permanent flooding on rice maps of different designs under danube rice systems.....	313
<i>Rokochynskiy A.M., Kropyvko S.M., Turcheniuk V.O.</i>	
Water-salinity ground regime in condition of the regulation using of drained-discharge water of rice irrigation systems.....	319
<i>Morozov V.V., Morozov O.V., Dudchenko K.V., Kornberger V.G.</i>	

Evaluation of land reclamation terrain efficiency in the drainage systems construction and reconstruction projects.....	325
<i>Koptiuk R.M., Rokochynskyi A.M.</i>	
Peculiarities of the usage of Iviv region reclaimed lands in the market conditions.....	332
<i>Vashchuk S.M.</i>	
The analysis of accuracy of models for the problems deformation of multilayered plates on an rigid foundation.....	336
<i>Tynchuk S.O.</i>	
Mathematical modeling of the soil consolidation by the nonlinear compression relations Method for analysis the solitary circular waves propagation in the approximation of shallow water.....	343
<i>Bomba A.Y., Turbal Y.V., Radoveniuk O.V., Klap A.V., Turbal M.Y.</i>	
Research of compensation loop parametres for the creation of metal mesh twists.....	350
<i>Medvid S.F., Medvid O.S.</i>	
Design of process of destruction of the homogeneous frozen environment by indents.....	354
<i>Havrych V.S., Tkhoruk Y.I., Holotiuk M.V.</i>	
Conductometric-potentiometric studies of aqueous solutions of carbon dioxide.....	358
<i>Haievskyi V.R., Kochmarskyi V.Z., Haievska S.G.</i>	
Construction of spatial filtration field for one class of three-layer filter with piecewise-homogeneous porous of loading.....	363
<i>Sivak V.M., Pryhornytskyi D.O., Klymiuk Y.Y.</i>	
Simulation of frequency converters scalar control different laws voltage changes.....	376
<i>Hud V.M.</i>	
Reflection and refraction of acoustic waves on the boundary of an elastic medium with negative Poisson's ratio.....	382
<i>Mashchenko V.A.</i>	
Non-fao penman-monteith equation combined with multiple linear regression for transpiration.....	388
<i>Jiftah Ben-Asher, Bnajahu Bar-Josef, Arkadii Ginzburg, Roman Volynskyi</i>	
Factors of rice irrigation systems productivity reduction in Ukraine.....	395
<i>Mendus S.P.</i>	
Mathematical modeling of mass transfer process multicomponent polluting substances in double-layer porous environment.....	401
<i>Klymiuk Iu.Ie.</i>	
Mathematical modeling of stressed-strained state of soil mass with free surface under influence of heat and mass transfer of solute seepage in two-dimensional case.....	408
<i>Vlasiuk A.P., Zhukovska N.A.</i>	
Substantiation of portable winch parameters elevated of load capacity	417
<i>Hevko B. M., Skyba O. P., Kolesnyk O. A., Melnychuk S. L.</i>	
Grounding of washability for high ash-content peat	421
<i>Hnieushev V. A., Stadnyk O. S., Koziar V. A.</i>	
Problems of water management of Siret river basin	426
<i>Kuznych L. V., Andriuk I. M.</i>	
Method of effectiveness assessment of information system implementation for operational planning irrigation "GIS Irrigation"	431
<i>Polishchuk V. V.</i>
